Your Registration Information

We begin each workshop day promptly at 8:15 AM and finish around 5:00 PM with breaks as needed and for lunch. The price of all lunches and break snacks plus one dinner are included.

During free time after sessions attendees are encouraged to explore and hike in the Canyon of the Ancients adjacent to the workshop site in McElmo Canyon. In the days before or after the course begins, participants may want to visit or hike this beautiful and fascinating area near Mesa Verde, the Ute Mountain Ute Tribal Park and Hovenweep, or ski in Telluride or Durango. Cortez is a wonderfully down-to-earth farming and ranching community with interesting shops to explore, especially for Native American art, rugs and jewelry.

The upper portion of this form is your registration form. Please fill it out, remove and return it with your deposit as soon as possible, but at least 30 days before your course begins. The balance is due at the beginning of the training.

The bottom of this form is for your records.
